I believe I did initiate the action with a 213RR. I will track it down and send you a copy.

Althea,

I received a message last Friday that you requested GIS support for the REOC over the weekend. It has been determined that a 213RR needs to be in place to cover that and also so that we may add funds to the support IA to properly charge those hours. I approved the work as the COR, but need to initiate the 213 and route through the REOC to Adam Weece/Lisa Bokun and whomever is in FSC chair in the REOC. Based on potential for weekday work and several weekends of hurricane projects, I estimated \$50K be added to the IA. Obviously, unused funds would be de-committed after the response concludes.

Appreciate that you are busy but this is already behind and I cannot move ahead until this is done. I cannot do the 213 because I didn't request the service. Hope this makes sense.

Thanks,

Derek
